PLUG KIT CALCULATOR – QUICK GUIDE

- When you open the link to the Plug Kit Search Tool, click “Run” to execute the program.
- If you have the information, you can enter the Insert and Housing IDs **OR** the technical information in the drop down boxes and click “Search”.

Insert ID: 52605889
Housing ID: 53024069
Number of Pins: 24 Pins
Male or Female: Male
Housing Type: Plastic
Housing Angle: Side
Cable Type: Flat or Round
Cable Included: No

- If you do not have this information, you can click the “Look Up” button to search all possible options. Note that the possible “X” plug IDs are listed under the plug number column. By selecting the bubble you want, and clicking, “Close Form” the tool will automatically enter the technical information for your selection, and click “Search”.
